Subject: A thank you to pupils and staff from Marie Curie

Dear Staff and pupils,

I heard from a colleague of mine that you had all had a busy and fun day yesterday, marking the first National Day of Reflection. I wanted to send you a personal email on behalf of Marie Curie to say a massive thank you to you all for the amazing amount of money that you raised! The money you raised will help us to provide 30 hours of nursing care for patients being cared for in their own homes. That is the equivalent of 3 nights! This means that someone who is really poorly can have a Marie Curie nurse be with them throughout the night time to help look after them, so they are not alone and that their relative can have a good rest. This will mean so much to them. It sounds like you enjoyed some really creative reflective activities yesterday and I'm sure you all really enjoyed sharing your stories and seeing each other's art work.

Thank you again for all of your fundraising efforts.

I hope you all have a wonderful Easter.

Kindest regards,

Suzanne
